

MEMORIES

Uh-uh-uh

You don't want to bounce right back
If you can't tell him what I do with you
See, you never want to love like that
If you can't be honest 'bout what you want to do
You can turn your back for sure
But can't you think for a second?
You'd be doing something so immature
Look into the mirror and tell me

Skies are green and I am choosing you
Over the moon, we ride the stars
And there ain't no way we can lose
This moment's everything that I've been missing
So if you want to go back that moonlight
You better look him in the eye, say your goodbyes

You don't want to bounce right back
If you can't tell him what I do with you
See, you never want to love like that
If you can't be honest 'bout what you want to do
You can turn your back for sure
But can't you think for a second?
You'd be doing something so immature
Look into the mirror and tell me

That you see me in your memories

Look into the mirror and tell me
That you see me in your memories
Look into the mirror and tell me

You can take a look on the good side
But when it don't seem right
You know you can't lie, nah nah
Look him in the eye say your goodbyes
See, no, you can't fight, no no
You can't fight your love
You can take a look on the good side
But when it don't seem right
You know you can't lie, can you?
Look him in the eye say your goodbyes
See, no, you can't fight, no no
You can't fight your love

You don't want to bounce right back
If you can't tell him what I do with you
See, you never want to love like that
If you can't be honest 'bout what you want to do
You can turn your back for sure
But can't you think for a second?
You'd be doing something so immature
Look into the mirror and tell me

You don't want to bounce right back
If you can't tell him what I do with you
See, you never want to love like that
If you can't be honest 'bout what you want to do
You can turn your back for sure

But can't you think for a second?
You'd be doing something so immature
Look into the mirror and tell me
That you see me in your memories
Look into the mirror and tell me (that you see me in your memories)
That you see me in your memories
Look into the mirror and tell me (that you see me in your memories)
That you see me in your memories
Look into the mirror and tell me (that you see me in your memories)
That you see me in your memories
Look into the mirror and tell me (that you see me in your memories)

Look into the mirror and tell me (that you see me in your memories)
Look into the mirror and tell me (that you see me in your memories)
